## 9 SET-UP STEP 9

## BEFORE WE START WORKING ON THE FILE...

- As you know, we're "pretending" that this is the last month of the fiscal year for Quincy Bookstore, but we're not going to go through and enter all 11 months of previous information into the file.
- With that in mind, we need to do ONE thing to magically get all of the first 11 months into your records. We're going to put one entry into your company that will clean up some loose ends and show all activity for the first 11 months
- Use the General Journal entry form to enter the following information as ONE entry dated $11 / 30 / 20 X X$ with the memo "Opening activity adjustment."
